

CALL FOR SUBMISSIONS for the 2013 IFTA Journal

The *IFTA Journal* is the preeminent annual publication established by the International Federation of Technical Analysts. It is collated by a committee of IFTA colleagues. The *IFTA Journal* is essential reading for academics, students and practitioners of technical analysis in all arenas. It is an excellent reference source for anyone interested in technical analysis, containing a wealth of resource material.

Credibility And Recognition

The *IFTA Journal* is the only international journal of technical analysis with original contributions from all continents covering developments in technical analysis in global markets. The *Journal* reaches leading practitioners and students of TA throughout the world.

Bound in book form, the *IFTA Journal* is a major professional resource. Its archival online publication on the IFTA web site will make your original work available as a future resource to the worldwide community of technical analysts. The 2012-2013 edition will be published with 10,000 copies for global distribution.

Topics

IFTA is seeking papers that cover developments impacting, either directly or indirectly on, the field of technical analysis; they may be drawn from such areas as:

- Basic market analysis techniques
- Indicators—sentiment, volume analysis, momentum, etc.

- Global and intra-global TA
- Styles of TA
- Data
- The changing role of TA in the investment community.

We would especially like to see contributions that draw from areas not previously examined, and/or topics tangential to technical analysis.

The above list is just a guide and should in no way be considered restrictive. We wish to make the *Journal* open to new and innovative ideas from all areas of TA and those that connect with it.
